The Only Country Newspaper In The World Operating Its Own Photo Engraving Plant

by ARTHUR BRISBANE

Keeping Out Buyers
A Looking Forward Picture
We Provided Spark Plugs
Light in the Darkness

Samuel Untermyer, well known New York lawyer, suggests that it would be neither unreasonable nor unjust for Jewish business men, and others who object to race or religious discrimination, to refrain for the present from buying goods manufactured in Mr. Hitler's country.

The quick acting Mr. Stalin has done more than suggest. When Mr. Hitler announced that "Christ, if living, would lead the Nazis against the Communists," Stalin shifted an order for 18,000 tons of high grade steel from a German to a French plant, and it is a cash transaction.

In this country, important "buyers" in commercial institutions are Americans of the Jewish race, as are those that send them to Europe to buy. It is probable that they will not go to Germany, being advised that Jews are not wanted there.

A new picture, "Looking Forward," seen in Washington, D. C., and now showing all over the country, is one that you should see. Named for President Roosevelt's recently published book, "Looking Forward," with the President's consent, it demonstrates the truth of President Roosevelt's saying that what the world requires today is the hope and courage of youth.

The story, ending happily, as many sad stories of today will end, is that of modern business and depression, a great firm driven to the wall, its employes added to the army of the unemployed because there is no money to pay them.

One of these employes, the part played by Lionel Barrymore, discharged after 40 years of faithful service, grieves not for himself but for the downfall of a great firm.

Mussolini suggests that Uncle Sam's foreign debt be paid in goods.

How this country could absorb ten thousand million dollars worth of foreign made goods just now with so many of our workers idle is not clear. But suggestions from the able Mussolini are always welcome.

By the way, that powerful person in leading twenty airplanes from Rome to Chicago to celebrate the opening of the big fair, a most extremely friendly gesture by a nation that has recently broken, and holds the world's air speed record.

Mr. MacManus of Detroit would like you to know that Italy's plane setting the new record of almost 450 miles an hour used American-made spark plugs.

The next air record should be established by a plane all American made, not merely with the spark plugs American.

Mrs. Ethel Frisch, blind for five years, recovers her sight and tells friends: "You have no idea how beautiful the world looks." Even oilcloth on her kitchen floor looks beautiful, and sunshine fills her with happiness.

If those who complain so bitterly because prosperity has temporarily flown out of the window could be blind for a while and regain their sight, there would be little complaining in the world.

Mexico will find in Josephus Daniels, sent by President Roosevelt, a man indifferent to threats and eager to promote international friendship. He is an American, and nothing else, the right man to develop among nations on the two American continents the friendship and co-operation that eventually will make them independent of the outside world.

When Mr. Daniels refers to Mexico as "a brother country," he speaks from his heart. All his interests are on our side of the Atlantic and Pacific Oceans.

The American baseball season starts, but with Lou Gehrig hitting for the Yankees "a big home run" that should have been hit by Babe Ruth, who is paid to hit big home runs.

British visitors read in Damon Runyon's narrative:

"Gehrig's Homer Gives Yanks Win Over Hubsox at Opener. Ruppert Nine Brews Three Runs In Initial Frame."

How much of that do you think the British understand?

With taxation constantly increasing, the French learn that war doesn't pay, even when you win. A great French store says that 71 per cent of its profits goes to the French Government for taxes, only 29 to stockholders. Clement Vautel, well known writer, says the State gets pay for seven or every ten lines he writes. He gets the other three.

Income taxpayers will rejoice to hear that innocent little 3.2 beer is expected to pay to Uncle Sam more than the $125,000,000 annually, estimated by Secretary Ogden L. Mills.

Carmel Urged to Interest Tourists

According to Charles Horrworth, field secretary of the All Year Club of Southern California, almost everyone in Monterey county is interested in the tourist business, either directly or indirectly. Horrworth, spoke Wednesday afternoon to a group of Carmel business men at the Carmel theatre and together with M. C. Hall, general manager of the California Mission Trails association, presented plans for tieing in with the next year's program of the Mission Trails group with the national advertising campaign of the All Year club, for the purpose of attracting more tourists to the eight Mission Trails counties.

Pointing out how the number of tourists coming to this county can be increased by a well planned county advertising budget, Horrworth stated that it was up to the Mission Trails association to see that Easterners who have visited the southland be induced to follow the Mission Trail up the coast via the Coast Route.

"Tourists, so far as the Mission Trails is concerned, means millions of your own southern California neighbors who will this year be in the market for short trips. Their money is just as good as that of eastern visitors."

"The farmers of this county are particularly interested in the tourist business, although many of them do not realize it. Much of their produce is shipped to Los Angeles. Every other person in Los Angeles has lived there less than ten years. One of every three came within the last five years. These new consumers, brought here by sound advertising and travel promotion methods, bear out the statement that one out of every ten tourists returns to California to live."

"But they cannot return to live in your community unless you first get them to see it as tourists. The county government receives thousands of dollars each year directly from tourists."

According to Hall, the Mission Trails program for the coming year consists of the following:

1 Through the All Year Club of Southern California.

2 By establishing headquarters at Los Angeles.

3 Through San Francisco contacts.

4 By issuing tourists script books.

5 Through Mission Trails literature sent in response to inquiries.

6 Newspaper and magazine publicity.

7 Through signs, motion pictures, radio, posters, etc.

LOCAL YOUTHS HELD UP ON MAIN STREET—ALMOST

Two local youngsters about fifteen years old, generally pretty brave lads when no danger is about received a scare one night this week that took several hours to get over. Returning home from the theatre they were passing the alleyway by the postoffice when a man with a dark cap pulled over his face stepped out of the alleyway with something protruding out of his hands that looked like a gun. And the boys right then and there wanted to put distance and lots of it between themselves and the supposed highwayman. They are still wondering who the stranger was and what it was all about.

Mrs. Mildred Melrose went to San Francisco Thursday on a short business and pleasure trip.

G. C. Gomas went to San Francisco Sunday and spent the day with his wife who was operated on for removal of her appendix. He reports Mrs. Romine as doing well and planning to return home the last of this week.

Mr. Hopkins is one of the best known organists of the coast, having been in charge of the organ and choir of churches in San Francisco and Los Angeles. John Ham Dies After Short Illness

John Ham, a man of colorful background and well loved by his neighbors and friends, passed away Friday after an illness of about three hours, having been stricken with a heart attack about noon time.

Decendent had lived in Carmel for the past fourteen years, having come here from Texas where from the time he was a boy, he had ridden the range. When he was twelve he worked with cowboys who drove the great herds through from Texas to Abilene, Kansas, the end of the railroad, so that they could be shipped to Eastern markets. He had fought with the Commanches on this trail and endured all the hardships with the older men, being forced to earn his own living on account of the death of his father from wounds received in the Civil War.

"We will miss him", said a close neighbor. "He was always so happy and so quick to see a joke, and so pleasant to be around."

Mrs. Ham passed away not long after she came with her husband to this city.

Three sons survive, Frank, the eldest, who lives in Oregon, having been named in his father's will as executor.

Funeral services, with interment in the Carmel cemetery, were held Monday afternoon.

CARMEL HARDWARE STORE SOLD TO S. F. MAN

E. A. Bixler has sold the Carmel Hardware to Ernest Perkins of San Francisco and will devote his time exclusively to building. Mr. Bixler is more than a builder, being able to plan the houses himself.

Mr. Perkins is planning on enlarging his stock and will run an up-to-the-minute store.

TRAFFIC VIOLATIONS WITH COMING OF VISITORS

Now that summer visitors have begun to arrive in Carmel Traffic Officer Guth is kept busy clearing the streets and seeing that the stop signs are observed and other rules followed.

Double parking on Dolores between Ocean and Seventh seems to bring the greatest grief, since the street is so narrow that traffic soon becomes congested when this law is broken. The first offense usually brings a fine of $2.00. It is cheaper to park in the next block than to offend the second time.

PACIFIC GROVE MAN FINED FOR RECKLESS DRIVING

Charged with reckless driving, Stanley Sweeney of Pacific Grove was taken before Judge Wood Saturday morning and given a fine of $50. Investigation showed that he was transporting liquor for another party and an additional fine of $150 was required of him.

Sweeney was said to have failed to halt at any of the stop signs and to have proceeded down the streets at a perilous speed.

Woman's Club to Stage Garden Fete

As a closing activity for the season ,the Garden Section of the Woman's Club will stage a May Garden Fete on May 13th from 12 o'clock until three in the garden of Mrs. I. N. Ford, Eleventh Ave., corner of Junipero Street. All proceeds of the affair will be given to the Unemployment Fund. The public are cordially invited.

A gate tax of 25 cents will be charged for admittance, but there will be no extra charge, except for the articles on sale.

All those attending are asked to bring a box lunch, as no luncheon will be served at the Garden Fete. Seats and tables will be available for the picnic lunches. Hot coffee will be served free to all, but it is suggested that everyone bring his own cup and spoon.

There will be a program of dancing in the afternoon, free to all. At one-thirty Miss Ruth Austin's pupils will present a ballet, the children to be in costume, and dance under the oaks. At two-thirty Miss Elsa Naess' pupils will give three Grecian dances, the children also in costume. These two programs alone should make it well worth while attending the Garden Party.

Members of the club at large are helping the Garden Section at the various booths. The Plant Booth will be in charge of Miss Anne Grant, with various members of the Garden Section to assist her. Mr. A. W. Wheldon will be in charge of the coffee making. Fruit punch will be sold at 5 cents a glass at another booth, which will be under the charge of Mrs. Vera Peck Millis. There will be a home-made candy booth, Mrs. J. L. Cockburn being in charge and Mrs. J. E. Abernethy assisting her. Mrs. C. J. Ryland will have charge of the home-made cake and cookie booth Mrs.E. D. Titus assisting her. Members of the Girl Scouts will come in fancy costumes and help in various ways. Mrs. A. W. Wheldon will make little French bouquets which will be on sale.

All articles at the booths will be on sale at very reasonable prices. Garden enthusiasts have this chance to replenish their gardens at small cost. Housewives can pick out a delicious home-made cake, cookies, or candy to take home. Those who like fruit punch can get a glass for only 5 cents, this punch being made from an especially delicious recipe.

Visitors are asked to come in by the entrance gate on Eleventh Avenue, between Mission and Junipero Streets. As the parking space on this block is not very good, those coming in cars would be wise to park them along Mission Street, only a half block away, where the facilities are better. The Garden Fete will not begin until twelve noon.

As the whole object of this Fete is to raise money for the Unemployment Fund, the Committee makes an appeal to the public at large not only to attend, but to send donations for the booths. We want plants - any kind - large or small, seedlings, bulbs, tubers, in fact, anything that will grow in a garden. Put plants in containers and clearly mark with name, and if possible color. If uncertain of the colors, mark "mixed". The price will be determined by the Plant Booth Committee. A half-dozen or a dozen little plants to one container is a good number. But send in what you have even if only a few. We shall be grateful for anything.

Donations of cakes, cookies, or candy will be gratefully received for the Cake and Candy Booth, large cakes, or small, iced or plain, and any kind of candy.

Donations of plants, cake, or candy should be sent to Miss Agnes Ford, Eleventh and Junipero Street, on Friday, the day before the Garden Fete. If anyone has a donation to send, but no car to deliver it, please telephone to 844-J prior to Friday, and the Committee will fetch it.

Please make a mark on your calendar for Saturday, May 13th, and come to the Garden Fete.

Mrs. Margaret Grant was hostess to a group of friends at the rodeo Sunday. The party had a delightful picnic lunch, and enjoyed a fine time. Her guests were Mrs. Ilya Jadovskoy, Mrs. Virginia Norris, Mrs. W. B. Vanderlip and Mr. and Mrs. Matson of San Mateo.

INTERESTING CARMEL

Interesting things about Carmel

RUTH AUSTIN,

Noted Carmel dancer, who will appear at the artists' ball at Del Monte Saturday night. This sketch was made by Paul Fligel, talented artist from New York, who is staying in Carmel.

KUSTER WILL BRING SISTER BENVENUTA TO CARMEL

At the request of many friends Edward Kuster will bring his San Francisco company to the Peninsula early in June in "Sister Benvenuta," a new version of "The Nursery Maid of Heaven." Kuster's production of the latter play at the Theatre of the Golden Bough eight years ago was generally considered as a forward step in the creative American theatre. the recent San Francisco production was so highly thought of by the critics on the large dailies that the dean of San Francisco drama editors, George C. Warren urged his readers to attend the play as "a worthy and splendid item in a season's playgoing, recommended to all lovers of the theatre."

The performances will probably take place in Carmel Community Playhouse. Reservations will shortly be taken at the leading hotels.

The only local production scheduled by Edward Kuster for the coming summer is a gala presentation of Martin Flavin's striking new drama "Amaco," which will be given its Western premiere at Carmel Community Playhouse with the artist William Gaskin in charge of the settings and many nationally famous Carmel and Monterey personalities in the cast. The play calls for eighteen male actors, but no women.

George C. Warren, well known Chronicle dramatic critic in commenting on Mr. Kuster's San Francisco production in the Chronicle, April 20 said in part as follows:

Edward Kuster shows a different facet of his gift for stage direction in his production of Thomas Wood Stevens' miracle play, "Sister Benvenuta," which will have public performances at the Community Playhouse, Sutter and Mason streets, tomorrow and Saturday nights. An invitational presentation of this exquisite work was given Tuesday night in the same theatre.

Mr. Kuster by the use of lights, by careful timing, by holding the tone of the dialogue at a level pitch, has created a thing of great beauty out of this simple, fanciful lovely little tale. There are exaltation and spiritual power in the performance and moving beauty. The tenderness of a group of noblewomen toward one of their number who is physically handicapped is beautifully shown in Steven's play in Kuster's direction.

"Sister Benvenuta" is a worthy and splendid item in a season's theatregoing, and is recommended to lovers of the playhouse.

ABALONE PLAYER BREAKS LEG IN SLIDE SUNDAY

Bob Stowell, popular member of the Community division of the Abalone League, had the misfortune to break his left leg Sunday while sliding to base. He was taken to Carmel hospital and it will be some time before he will be able to play again.

His many friends sympathize with him greatly in his misfortune.

Dr. J. L. Hughes returned Sunday from the Northern California Dental Association meeting in San Francisco. It was a very interesting convention, and was attended by over six hundred dentists from the northern part of the state.

The mint will also buy old silver, at the current market price, but the shipment must be worth at least $100.

State Employment Report

William A. Granfield, chief of the State Department of Industrial Relations, reports that during the month of March a total of 4660 persons were found employment by the several State employment agencies of the department. Of the placements 3069 were men and 1591 women. With the above number include placements since July 1, 1932, total 48,668. Comparing placements of February with those of March, an increase of 13.1 per cent was shown; but comparing March, 1932, with March, 1933, there was a decrease of 17.6 per cent.

Fruit Packers Sales Gain

California fruit packers sold a monthly average of 1,274,659 cases of canned peaches, pears, apricots and cherries in the nine months, ended March 1, against 1,118,645 in the like period of the preceding crop year. Total unsold stocks of four fruits were 3,729,132 cases against 6,513,055 on March 1, 1932, a reduction of 42.8 per cent. At the rate of sale, inventory remaining at the end of the crop year June 1, will be the smallest in recent years.

Shipment Rates Slashed

Resulting in an estimated annual saving of $2,000,000 to fruit growers of the State, the California Fruit Exchange has accepted a tender of Western railroad carriers for a substantial reduction in freight rates. The Western railroads have agreed to a reduction of from $1.73 per hundred pounds to $1.55. The approval of connecting lines in the Middlewest and East are being sought by J. J. Brennan, president of the Exchange, and he regards the present chances of acceptance of the lower rates by these lines as excellent. Pacific Coast terminal lines also will attempt to establish reduced charges for standard refrigeration service for deciduous fruits substantially in line with the lowered freight rates.

California Growers Elated

California canners, dried fruit factors and fruit growers were elated recently over the spectacular rise in the pound sterling rate from around $3.55 to $4.10. This advance more than offset the 15 per cent protective tariff differential in England favoring the British Colonies. Australia is now engaged in shipping 950,000 cases of canned peaches, pears and apricots to England, the pack in Australia being made in what in the northern hemisphere are the winter months. California has been unable to compete successfully with Australian producers in the face of the differential established by the British tariff. The offsetting of this differential through the rise in sterling, however, again opens the British markets to California products, and is expected to result in a stiffening in canned goods prices.

Forest Fire Season Near

J. E. Elliott, supervisor of the San Bernardino National Forest stated recently that forest fire protective crews would be sent into the mountains ahead of time this season unless more rain falls. Heretofore the fire protection forces were sent into the national forests about June 1st, but the dry winter may make it necessary to start the program in May, as the fire hazard is becoming more acute on the lower slopes, according to Supervisor Elliott.

SPORTS NEWS of the WEEK

PILOTS WIN CHAMPIONSHIP BY 3 TO 2 SCORE ABALONE LEAGUE

By Doc Staniford

The Pilots came from behind to beat the Giants 3 to 2 in the 7th inning. This game was a great climax of a hard fought and exciting game. Brilliant defense by both teams replete with remarkable catches and great pitching on the part of Rosey Henry and Ed Files kept the score down. The Giants were first to break into the run column when Bob Stowell tripled to left field and came in a moment later when Mary Douglass hit to the infield. But this run proved very costly to Bob Stowell. The play was close at the plate and the runner collided with Big Steve Bancroft, Pilot catcher so hard he broke his leg and completely missed the home plate. Painfully injured as he was, somebody yelled, "You didn't touch the home plate Bob," and Stowel courageously rolled completely over and touched the home plate and scored the first run. Steve dropped the ball on the throw in. A doctor fortunately was present when the accident occured and rendered valuable first aid. A double play followed the accident but the Giants sent Gene Trenner across the plate with their second talley, so the Giants were leading 2 to 0 when the Pilots came to the bat in the last of the sixth inning. Hicks was safe on an error—stole second and scored on Parker's hit, but Parker was doubled off on third on the next play. The Giants went out one-two-three so when the Pilots came to the bat for their last time the score board showed them trailing 2 to 1. Files, first batter was safe. Van Riper doubled to left sending Files to third. Then Ruby Fraley clicked out a clean hit, driving in a run, tieing the score. Clay, next batter, was walked filling the bases with nobody out. By this time Rosey Henry was completely up in the air. Bob Smith, Pilot second sacker, was next up and he crossed up the wise guys by driving out another clean hit sending in the winning run and the champions of their section. Knight, Stowell, Zug, Bardarson and Big Rosey Henry played wonderful baseball and great credit goes particularly to old Rosey Henry who pitched his heart to win this game. In fact the whole Giant team put up a great fight to beat a better team. For the Pilots, Smith, Van Riper, Files, Hicks, Fraley, and Pondy Parker, were outstanding, Parker making one of the greatest catches ever witnessed on any diamond. The Pilots won their final game in Blaze of glory and will play the winner of the Club Section, which is still undecided. The Country Club and the Del Monte Club are still fighting it out with the Country Club slight favorites to bring home the bacon.

The Country Club won easily from the Manzanita Club, who were without the services of their veteran pitcher, Ivan Kelsey. Steady pitching on the part of Godwin, coupled with heavy hitting and taking advantage of Manzanita's loose playing both in the infield and outfield. They ran up a big score at the expense of the badly demoralized Manzanita crew. This game eliminates the Manzanita Club from further competition but they are going to be congratulated for showing great team spirit and have tried hard all season to win their ball games. This organization was a new comer in the Abalone League baseball and have lived up to what the league has always tried to encourage, good clean sportsmanship. Here's to you, Manzanita, you have been a credit to the Abalone League. Del Monte won an exhibition game from the Old Monterey team. Charlie Nelson, Del Monte pitcher hit one of the longest home runs ever witnessed on the Abalone field. Dr. Ray Brownell also hit a home run, much to his surprise and everybody else's. Fred Warren also hit a long homer so everybody had a lot of fun anyway.

The Del Monte Club will tangle with the Country Club at 3 p. m. on the Abalone grounds next Sunday.

DOLORES STREET

RECEIVES BROKEN ANKLE WHEN HIT BY AUTO

Just as Mrs. Markham Johnson, whose home is on Monte Verde avenue between Ninth and Tenth, drove onto Dolores from Ocean Monday, Spencer Kern, 18, ran from behind his father's car directly in her path and was thrown to the paving, receiving a broken ankle.

Traffic Officer, Charles Guth, saw the accident and stated that no blame attached to the driver. The boy was driving with his father on Dolores street and Mr. Kern stopped the car so that Spencer might run across the street and mail a letter.

"Out, Back Soon," "Open, Come In," and "Open Tomorrow as Usual." These were three signs a lady found on the Carmel shop doors in one afternoon. But, at the first place, the owner stood behind her counter calmly waiting business. At the second, the door was locked, and the third place was also closed. Oh, hum!

WHAT! NO BEER?' At Carmel Theatre

By J. A. Kuntsman

Buster Keaton and Jimmie Durante have stolen a march on Congress while the nation's legislators were battling over the beer question, these two comedians have completely settled the problem in their new comedy, 'What No Beer!" which is seen at the Carmel theatre Sunday and Monday, April 30 and May 1. This comedy covers the whole agitation for beer, from the last election to the present fight in Congress for legalization.

But while the politicians have been waging their wordy battles, Keaton and Durante have pitched in and taken over a brewery in which they make beer for the masses. In the course of their operations they get caught in a war between rival beer-running gangs who seek control of their output. The story thereafter weaves its way between comedy and excitement.

The romantic interest is provided when Buster falls in love with the sweetheart of one of the gang leaders. The feminine lead is taken by Phyllis Barry who made her screen debut opposite Ronald Colman in "Cynara." Other important roles are played by Rosco Ates, brewmaster of the Keaton and Durante Brewery, John Miljan and Edward Brophy; rival beer racketeers.

BLACK FLAMINGO AT MONTEREY HI FRIDAY

The Black Flamingo, cast by an all school cast from the Monterey High School, will be presented Friday, April 28 in the old gymnasium.

The plot concerns the spiriting away of queen Marie Antoinette's priceless jewels. The play takes place at the time of the French Revolution just after the fall of the Bastile, when nobles are hastening from Paris with their much-used roads leading from Paris a haven for their conspiracies and a great deal of stealing and murdering is witnessed. Especially is this true at the Inn of the "Black Flamingo".

Characters for the play are: Bodier, Philip Walker; Nicole, Pauline Moore; Clotilde, Zola Groff; Bourien, Joe Ryan; Trigaud, Ted Panton; Francois De Lussac, Edward Sarwine; Eugene De Lussac, John Martin; Diana, Charlotte Hohnemann; Charlotte, Melba Clickard; A Priest, Bernard Schulte; Popo, Orvus Hansberry; Gavroche, Louis Graziola; Rossanga, Harold Clish.

A prominent Carmel artist fears the present inflation will be like the Minnesota farmer's explanation of Bryan's platform. The speaker was using an echo to make his meaning clear. "Now," he said, "I holler 'hello' and 'hello' comes back, I holler 'one dollar' and 'one dollar' comes back, but then I will shout 'one dollar' and 'fifty cents' will come back."

Work was begun on remodeling the building for the Leidig Grocery and will probably be finished in about two weeks.

Editor Perry Newberry saw his second talkie picture last Friday night when he attended "The King Takes a Vacation" at the Carmel Theatre. His friends are glad that he has been much improved lately.
